REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Applicant's arguments and the affidavit filed 10/3/2005 were persuasive and the closest prior art of record, namely, Burdine, O'Neil and Herrmann, fail to clearly teach or suggest the means for generating a concentration of hydroxyl free radicals as claimed in the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
